

Compulsory safeguarding training associated with your parish role

Thank you for the valuable work that you are currently undertaking or proposing to undertake within the parish.

The Diocese provides a range of training to equip you for your role; some knowledge is accessible online and other courses are delivered in person as group sessions at the Diocesan offices in Portsmouth and venues elsewhere.

The following link will clarify the nature of the training associated with your role and responsibilities:

[Training Pathways 2018](#)

Being in a role whereby you will be working with potentially vulnerable people, [in addition to any Disclosure & Barring Service [DBS] checks that may be necessary] both the Parish and the Diocese recognise the following initial training [e-learning link below] to be essential in raising your awareness and outlining how you can contribute to Safeguarding Children and Vulnerable adults.

Module[s] to be completed: C0 & C1

Having undertaken this training myself I would suggest that you plan to allow at least an hour to complete each module.

When you have successfully completed the training you will have an opportunity to print a certificate for your retention. Could you also email me to confirm that you have completed the relevant modules so I can update my records.

Contact telephone numbers are listed on the website for Technical support but should you have any other questions about the training do not hesitate to give me a call.

To access the online training please click the following link <https://www.portsmouth.anglican.org/safeguarding/training/c1-foundation/> which will take you to the relevant page on the website. Simply follow the instructions provided.

As you will see, the first step will be to create your user account.....Good Luck!

Regards

Laurie Rickwood [Parish Safeguarding Representative]

Safeguarding Training

The Portsmouth Diocese is committed to ensuring that all church officers are aware of their safeguarding responsibilities and have the core skills and knowledge to protect children and/or adults from harm. The Safeguarding Training and Development Policy and Pathways sets out the expectations and requirements for safeguarding training for all ordained and lay church officers, whether they are paid or unpaid.
