

## Sunday Club Online 10/01/21

### - Epiphany -

Hello Sunday-clubbers,

I do hope you're all doing well at home and staying safe.

I've made a video that you might like to watch about 'Epiphany' which was celebrated by Christians around the world last Wednesday 6<sup>th</sup> January. Some of you may have seen this video at school but if not, do have a look at it on our facebook page and look for the video titled 'Epiphany'.

I thought it might be fun to try making some stars out of salt dough. This is like playdough but it hardens so you can decorate it. I thought you might like to hang your stars in your bedrooms or give them to your friends to remind them of how symbolic the Wise men's visit to baby Jesus was. It was the first time Jesus was revealed to be the Son of God. It could also remind you to try to be like the Wise men and try to follow and seek out Jesus in all that you do - following him and trying to act like him.

Here are some stars that my family and I made at home today!

#### **Salt Dough - Playdough Recipe**

You will need:

- 2 cups flour
- 1 cup salt
- 1 cup water
- Food colouring (optional)

Method

1. Mix together the flour and salt in a large mixing bowl.
2. If desired, add 5-10 drops of food colouring to 1 cup of water.
3. Stir the water into the flour and salt in the large bowl.
4. Roll out the dough on a flat surface and knead it together. It should be soft and pliable.
5. Make models and ornaments.
6. The dough can be left to air dry or dried in a low oven 120-150oC. The time the dough takes to dry will depend on the size and thickness of your creations.
7. Decorate as you like – paint, add jewels etc.
8. To ensure your creations are preserved forever, you could add a thin layer of PVA glue once the paint etc is dry. (Do make sure the saltdough is entirely dry too before adding the glue)

Have a lovely week,

Take care and with love,

Katie and the Sunday Club Team x
