

In Bishop's Waltham on Monday  
August 8<sup>th</sup>

2-3pm St Peter's Church Hall

*In our world of fake news and spin, this is a chance to hear news first hand. South Sudan is the world's youngest nation and has had a baptism of fire with years of war. The current peace holds the promise of reconstruction- with God's people at the heart of it.*

*A little help from us can make a huge difference- often between a family's starvation and survival.*

*South Sudan is immensely fertile with at least 2 rainy seasons each year. We can help turn potentially rich harvests into reality.*

*The diocese of Morobo has a population of 81,000 including 34,000 under 18. As a result of war, education is almost non existent, so there is enormous need for teachers and youth workers.*

Below is a table of the immediate needs of the Morobo diocese to serve God and His people now.
